

SURVIVAL SCENARIOS

Four rounds to test your survival instincts.

Saturday, August 21 | 1:30–6:30 pm

Solve puzzles, escape mazes, and compete in challenges you've seen on TV.

This event, based on the hit CBS show "Survivor," gives participants the chance to try their hand at the game.

Competitors will be put through four rounds of gameplay. They will face different immunity challenges and tribal councils, and try to avoid being voted out.

Voted out? Fear not! Each round of the event brings new life to your game. Every player will have the opportunity to play in every challenge and perfect their strategy.

There is not a "Sole Survivor," but at the end of the event the title "Biggest Threat" will be awarded.

The "Biggest Threat" will be determined through how well players do in the challenges and at tribal council throughout the event.

Players can focus on the incentive of being the "Biggest Threat" or they can play their own unique way to enjoy this experience how they choose.

CHALLENGES

Participate in individual and team challenges to claim immunity throughout the event!

STRATEGIZING

Use your social wits and tact to protect yourself and to plan your opponents' demise.
